

SECRET TIME TRAVEL MEETING

*A Comedic Journey
Through Time and Thought*

*"Smart Comedy" mixed with
a "Ridiculous Physics Lecture"*

*Touring North America,
Customizable for Venues
& Events*

SECRET TIME TRAVEL MEETING is a unique blend of comedy and speculative thought, exploring **Time Travel** through humorous insights and whimsical theories. Combining **stand-up** with a dash of a **physics lecture**, the show presents time travel ideas that are both plausible and **delightfully absurd**.

It's a performance that entertains while challenging audiences to think about time and existence in unconventional ways.

***"Before there can be a Time Machine,
there has to be
Time Machine Blueprints!"***
- Anonymous Physicist

ORIGIN

Inspired by a weed brownie-fueled impulse, comedian **Shawn Wickens** bought the domain **TimeMachineBlueprints.com**, leading to the creation of this live show that humorously dissects and optimistically imagines a better and brighter tomorrow.

SECRET TIME TRAVEL MEETING

TECHNICAL NEEDS

This is an easy show to produce.

Depending on the venue, minimal tech support for sound, lighting, and multimedia may be required. For larger performances, additional staff like a stage manager or assistant director might be needed.

SHOW VARIATIONS

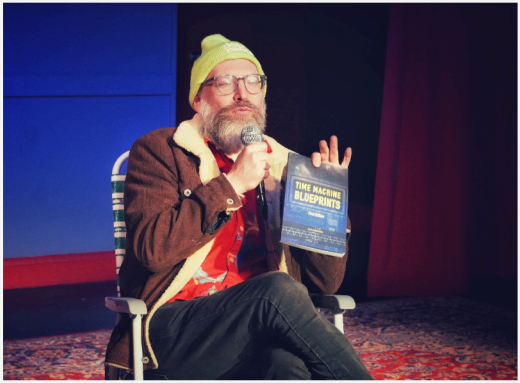

Occasional guest comedians or local scientists may participate in segments.

Partnerships with educational institutions or science museums enhance the show's content and reach.
